Add phone number?

If you like, you can add this phone's number to your account for use across Google services. Learn more

This won't make your number public

For example, your number will be used to

- Reset your password if you forget it
- Receive video calls & messages
- Make Google services, including ads, more relevant to you
How it works

To make sure this number is yours, Google will send you an SMS with a 6-digit verification code (charges may apply)

You’re in control

You can always change your number, control how it’s used, or remove it in your Google Account (account.google.com/phone)

Combining data

We also combine this data among our services and across your devices for these purposes. For example, depending on your account settings, we show you ads based on information about your interests, which we can derive from your use of Search and YouTube, and we use data from trillions of search queries to build spell-correction models that we use across all of our services.

You’re in control

Depending on your account settings, some of this data may be associated with your Google Account and we treat this data as personal information. You can control how we collect and use this data now by clicking “More Options” below. You can always adjust your controls later or withdraw your consent for the future by visiting My Account (myaccount.google.com).
