

TECH IATP KITCHEN

Plan, Prep, Cook

The Tech Kitchen program features an accessible home kitchen classroom with a variety of tools that make cooking **possible, easier, and safer**. Tech Kitchen staff includes a professional chef and licensed Occupational Therapy staff trained to use assistive technology and adapted techniques to address your specific disability needs.

Community Living. Education. Employment.

TECH IATP KITCHEN

Plan, Prep, Cook

Learn to Cook with Assistive Technology

IATP Tech Kitchen offers cooking classes to residents of Illinois aged 14 and up, with any disability, who currently receive services from one of the major bureaus of the Illinois Division of Rehabilitation Services (DRS).

Classes are based on your goals and can include:

- Cooking / Baking with Assistive Technology
- Nutrition / Dietary Restrictions
- Menu Planning
- And more.
